

Core Sound Decoys Carvers Guild FESTIVAL AUCTION 2019

Date	December 7, 2019
Preview:	10:00 am
Auction Start:	1:00 pm

- Welcome to the 2019 Core Sound Decoy Festival Auction! Again gracious donors and consignors have helped to put together an excellent collection of decoys and associated art & artifacts for collectors. Just as in years past, many of the lots are outright donations and the remaining are generous and strong consignments. This is one of the best places to collect a sincere North Carolina decoy, especially one from our beloved Carteret County waters. This auction and it's annual success would not be possible if not for the tireless efforts and unending heart of it's volunteers and donors. Again legendary Auctioneer Timmy Evans will call the birds, starting at 1:00 pm. A full catalog of 100 lots will offer an array of items to suit any collectors taste. Quality old birds from all over the Carolina Coast will certainly be the most contested items, though a few sleepers will try to fly under the radar until a couple of savvy collectors catch on. As always, Eldon Willis, Amie Paul, Alfred Gaskill, Lawrence Howard, George Washington O'Neal, Brother Gaskill, Jerry Talton and Curt Salter highlight the roster of Core Sound Carvers. Starting at 10:00 am on December 7th, the preview will commence. As any veteran collector will promise - check out the preview!! It is the best experience one can have w, so hen handling and inspecting decoys. Ask friends and others for opinions. Bid on your favorites and collect what you like! The Auction will begin at 1:00 pm sharp grab a bid card and have a seat - it will be GREAT!!

AUCTION POLICIES:

- All items must be paid for and picked up before the end of the day on 7 December 2019.
- The Auctioneer will be the sole determinant of accepted, contested, confirmed and won bids.
- All bidders must have an active bid card.
- Payment accepted includes, cash, good check, credit card. Item checkout will not begin until the conclusion of the auction.
- Items will not be shipped.
- Items are sold as is. Descriptions are based on attributions from past collectors and may or may not feature inaccuracies. Potential bidders should make any attempt to purchase based only on their own preference and experience.
